

Hi,

My name is Graeme Tuckett. I have been an active Location Manager and Location Scout across the Wellington region for over ten years now.

In 2015 I was asked to Location Manage the NZFC funded feature film 'One Thousand Ropes' at short notice. Working with reduced preparation time we successfully took a complicated and constantly evolving feature film took numerous different locations and crew bases in Wellington city and environs.

Highlights included several full relocations of the entire crew and all vehicles across the city in rush hour.

The job also involved negotiation with location owners and managers, establishing a good working relationship with the Screen Wellington office, several last-minute scouting tasks as the film's demands evolved and a couple of nights of motorway closures and extensive traffic control.

Everything on One Thousand Ropes went smoothly. I would be happy to take on a similar job immediately.

Krampus. (US feature) Studio Manager.  
Shopping. (feature) Assistant Location Manager and Scout.  
Burying Brian. (TV series) Assistant Location Manager and Scout.  
Reservoir Hill. (TV series) Assistant Location Manager.  
Lord of The Rings. (Location Scouting)

And countless TVC's as both scout and location manager.

I am also the owner of Crew Wellington and Crew Auckland.

I'm working in New York on a doco' shoot at present. But I can get back to NZ as required. I can work ex-Wellington and can supply my own vehicle if required.

My number in US is +19703008061
