- Work focused and always meets expectations
- Can anticipate issues and trouble shoot accordingly
- Excellent communication skills with experience of a diverse range of people
- Admin skills including petty cash floats up to managing budgets
- Ability to deal with conflict in a professional manner

EMPLOYMENT

Film Industry work

2011- Current

Picture Vehicle Wrangler

In this role I work with Film Production Companies to source vehicles, from background to hero, that will be featured in their film. I negotiate on behalf of the Production with private owners, rental companies, government agencies and car clubs to either buy or hire whatever vehicles are required. These include cars, trucks, emergency service vehicles and even included a Steam Train and carriages from the early 1900's period. I then work with the Director, Art department and stunt team on set to have the vehicles correctly dressed and placed ready for filming. I also train actors and drivers on how to operate the vehicle if needed.
